

architectural air curtains

the ARC range

Designed to be at home in the most prestigious corporate entrances and reception areas, the new Dimplex ARC range of architectural air curtains suits the most exacting requirements of modern design.

Offered for installation above the door or either side as vertical units, they can be supplied to bespoke requirements and all can be finished to a high standard in either brushed stainless steel, mirror polished stainless steel or coloured to customer preference.

As with all Dimplex air curtains, multiple units can also be linked together as a system and operated from the controller supplied as standard.

Model ARC20E
