

garage fan heaters

the PFH range

Perfect for use in garages, workshops, offices, store rooms or almost any small commercial situation.

These heaters are designed to provide unobtrusive heating with automatic thermostatic control and multi-adjustable mounting bracket all included as standard. With performance tuned for maximum heating effect, these heaters are sure to provide an effective and economical heating solution.

The PFH30 model provides 3kW heating output with built-in thermostatic control in a stylish housing that will blend in with its surroundings, whilst the remote control PFH30R adds a wall controller over all heater functions and room temperature levels as standard.

Model PFH30

Range features

- New 'stylish' heater design with low noise performance.
- Multi directional wall bracket giving 40° vertical and 120° horizontal adjustment.
- Single screw angle adjustment.
- Thermostatic control standard on all models.
- Remote control supplied as standard with PFH30R model offering thermostat and full heater control.
- All models have cool blow 'air circulation' setting.
- Grey finish
